Great way to have fun with family and friends!!!By Lisa BellWhen I saw the title of this book, I thought to myself that it would be just another crossword puzzle book like the ones I am use to, where I just find the words and circle them. This book is quite different, it provides a unique way presenting the clues in a pictorial form using mostly letters and numbers. With additional clues such as find the phrase, place, song, movie, and object. If you are a lover of charades or just games in general you will love the games in this book. If you want to give yourself a mental workout, while having fun and learning this is a cool way to do it. This book would also be great to be used in playing games at a party, or to just relax and have fun alone or with family and friends.1 of 1 people found the following review helpful. Needed varietyBy JacMacI am going to be honest. We were a little disappointed. With thought the puzzles would be carried in type, but it's just the same kind over and over. We did enjoy it, but we knocked it out in an evening.
