doing it to warn people about this book. First the book is kind of expensive for what it offers. 20 word searches and 9 sudoku puzzles. Although the format is fine for the word searches the Sudoku boxes are compressed to two a page and to me they seem too small to enjoy. Second and last rant of this book is that there are too many misspellings. I cannot "complete" a puzzle if the word does not exist on the board as it does on the list. Puzzle #12 is spelled "Twelve." That can probably give you an idea of the quality this book presents. Hopefully this review can save you from making a bad purchase. 0 of 0 people found the following review helpful. puzzle book By GEORGE Puzzle book just with word search and Sudoku. I just started learning how to solve Sudoku sometimes but still learning. Good book but little small when you stare at the puzzle a lot. Over all nice book 0 of 0 people found the following review helpful. One Star By Rose Ritato hard to use

Word and number puzzles are gaining in popularity as people recognize how entertaining they are and how much they improve their concentration and brain memory skills. Word Search and Sudoku Volume 1 incorporates both word and number puzzles for you to enjoy. There is enough variety for beginners and advanced players alike.
