0 of 0 people found the following review helpful. Just WonderfulBy Vanessa Grace StoryThis word search has no solution pages for it, so if you cannot find the words, then keep on trying! Challenging in a good way. It has a 12 point font to fit so many words. The puzzles have titles to correspond to the words listed below it, the words aren't to common and they can be very long which is cool fun. These books by the creator are magnificent. The best ever.

Are you the kind of word search puzzler that just wants more, more, more? Do you complain that word search puzzles are too easy for you? If you have the time and the inclination then I have the word search puzzle book for you! 'Word Search Max' presents over 5000 words to search for in a wonderfully eclectic mix of topics, many of which will provide a challenge due to their nature. There are no solutions provided for these puzzles so it is up to you to find

every last word. Words can read horizontally, vertically and diagonally; they may read backwards and forwards and can, at times, overlap as well as intersect. Topics include: Welsh words, Irish words, Croatian words, Portuguese food and places, avocado and apple varieties, international place names, countries, English islands, Canadian islands, US State capitals, US State counties, Scandinavian names, architecture, modern art, taxation, economics, movies, birds, animals, misspelled words, fashion designers and many, many more. Please note: while the word search grids in this book are in 18 point font the word lists are in 12 point font, in order to fit them all in. A large print version of this book is available and has both the word lists and grids in 18 point font, with double the page count. Whether you call them word seeks, circle a word, word finder, word squares, word grids, find a word or word search it's still the same heap of fun. L.D.
