Also, even though the book is spiral bound it has the kind of back where the pages can't be flipped back when working on a puzzle. Too bad because the puzzles themselves are pretty good. 16 of 16 people found the following review helpful. FUN, FUN WORD SEARCH BOOK! By MUNCHKINI just love this word search book! It keeps me busy for hours at a time. I really love the fact that the word list is on the same page as the puzzle itself. It makes it so much easier to look at one page rather than having to go back and forth between two pages. 6 of 6 people found the following review helpful. 90-year old

grandmother loves this puzzle book!By ElizaHI bought this puzzle book for my 90-year-old grandmother who loves word searches. She's been doing the puzzles in it for a couple of months now and has asked me if I can get her a similar book for her birthday in April. She has enjoyed this book so much and says it's the best one she's had!

Whats the cherry on top of these deliciously fun word searches? After youve found all the words needed to complete the puzzle, youll also see a secret message hidden in the background!A tasty treat for hungry solvers.
