**Eric Dekker : World of Warcraft Gold Strategy Guide** before purchasing it in order to gauge whether or not it would be worth my time, and all praised World of Warcraft Gold Strategy Guide:

0 of 1 people found the following review helpful. basic informationBy Shannon BurnettAnyone who has played the game for more than a few months should already know most of this information. Not what i expected.2 of 2 people found the following review helpful. Exceptional Book from an Exceptional Gold MakerBy Ray GouldFirst, let me say that Eric (Xsinthis from Xsinthis.net) needs no introduction in the World of Warcraft gold making arena. He is well established and respected among his peers for his ability to make gold, provide strategies, and direction to all who dabble in this gold-making space.In regards to the book, it is something every gold maker should own. Sounds kind of superficial doesn't it? Not really. Everyone who is serious about making gold should learn from every source of information they come across to help define and achieve their gold making goals whether that is your first 5,000 gold or first 1 million. This book contains valuable information for any level, from the beginner just starting out on this journey to becoming a gold tycoon or an advanced gold maker.The book contains exceptional use of pictures and is very clean and easy to follow. It covers a variety of subjects from professions, addons, various markets and strategies,

to the theory and time management component. It's all here. For those who have already purchased and own this book, congratulations! I am sure you are on your way and have already started earning your share of gold. For those who are considering it, the price is right and the information you receive is priceless. Add this to your library collection today. Best wishes to all the gold makers out there! Ray (Profitz) 1 of 1 people found the following review helpful. No matter your skill level, you'll take something away from this guide. By Kilgannon This guide is very impressive for the price tag. The amount of information that is made available, is a lot more than I was expecting. The great thing about this guide is that no matter your gold making skill level, you can take something away from this. I consider myself an expert gold maker, but upon reading, I was able to implement several strategies to my own routine and increase my profitability. No matter where you are with your gold making skills, this is a sure pick up.
