0 of 0 people found the following review helpful. it feels like he didn't even bother proof reading what he wroteBy Christian LangnerThis book is incredibly short (about 30 pages) and after you get through reading it, it repeats on

itself (so at around midway through the actual book you finish, and then what you read before literally starts over with the exact same content). It is only mildly helpful and even claims humans are part of the horde faction while orcs are alliance, it feels like he didn't even bother proof reading what he wrote. Save your money and do not purchase this.0 of 1 people found the following review helpful.
