From Brand: WRTH Publications Ltd : World Radio TV Handbook before purchasing it in order to gage whether or not it would be worth my time, and all praised World Radio TV Handbook:

0 of 0 people found the following review helpful. A nice classicBy Dt65A classic book for every BCL listener. Great list of address of Radio stations, very useful.0 of 0 people found the following review helpful. Entertainment everywhere!By Paul PickthorneWell worth keeping in your boat if you do long distance cruising.0 of 0 people found

the following review helpful. WRTH Handbook 2005 By Thomas Oslund This is a handbook filled with the latest information covering every aspect of shortwave radio listening. It covers broadcast times, frequencies, station information and reviews of the most popular radios and other related items. I would rate this as a must have book. Tom MI

The most comprehensive source available on medium wave, shortwave, FM broadcast, and television broadcast information, this handbook continues to be the ultimate guide for the serious radio listener. All the world's national and international radio services are conveniently bookmarked, and dozens of color pages provide articles, radio reviews, propagation predictions, and maps. This 59th edition for the year 2005 reviews the latest equipment available and updates all broadcast information.
