**Mike Edwards : Worlds Hardest Word Search Vol. 1: 100 Diabolical Puzzles** before purchasing it in order to gage whether or not it would be worth my time, and all praised Worlds Hardest Word Search Vol. 1: 100 Diabolical Puzzles:

This one in an interesting take on word searches. The manner of solving the puzzles is the same, but the words are all 15 letters long. Many are totally unfamiliar, but many are words I've run across in school. Adding suffixes to scientific words makes them longer so they fit into this book. The only problem I have is that the book is large and I would have liked a smaller version with somewhat smaller print. Otherwise I am enjoying this diabolical word search book.1 of 1 people found the following review helpful. disappointing.By patricia osmundsenpaper was thin so you could see the answer which were on the next page. disappointing. otherwise the puzzles contained within the book were mildly challenging. I have done a lot of word

search puzzles. they kept my mind off food while I was trying to lose weight.0 of 0 people found the following review helpful. Great!By Justine SawyerI love word searches! It's such a relaxing way to end a long day. Plus the pages are quite large so I enjoy that I can use thicker markers \*different colors too\* without bleeding onto the next page.
