They are written well and the songs are not monotonous like some other series are. I feel like the kids who study bastien are better sight readers.0 of 0 people found the following review helpful. Great books!By A. RobidouxI own a music studio and exclusively use the Bastien books for teaching piano lessons. Great for all levels. Use these books!0 of 0 people found the following review helpful. Five StarsBy Daniel L. SnyderNice

Theory is the theory workbook portion of the Bastien Piano Basics course. Each book contains written work and some

short pieces to reinforce the concepts presented in Piano. Games, puzzles, and colorful illustrations make learning fun! Your students will gain a better understanding of the music they are playing, and they will learn more easily when theory instruction is a regular part of their piano studies. Each page is carefully correlated with Piano, Performance, and Technic. Level 2 provides theory materials correlated with Piano.
