whether or not it would be worth my time, and all praised WP32 - The Older Beginner Piano Course - Level 1 Bastien:

0 of 0 people found the following review helpful. this is the best beginner piano bookBy Michael Jennings  
this is the best beginner piano book. no wonder it's still around after so many years. I learned on this book several years ago, and tried to buy a few other books to refresh with, but none were as good as this. songs were recognizable which is super important so you know you're playing them right, and it goes through chords in an easy to understand way  
0 of 0 people found the following review helpful. The best method book for the Older BeginnerBy Ronnie  
I have used this lesson n=book for adult students for decades. It has not been surpassed by any other Older Beginner.  
0 of 0 people found the following review helpful. good book for beginnersBy JimmyB  
Delivered as specified, good book for beginners!

This appealing course of study for beginners age 12 and up is designed functionally, allowing students to play and harmonize melodies from the beginning. A time-tested chord approach method that really works!
