Jane Smisor Bastien : WP37 - Favorite Melodies the World Over Level 1 - Bastien (Wp 37 Level 1) before purchasing it in order to gauge whether or not it would be worth my time, and all praised WP37 - Favorite Melodies the World Over Level 1 - Bastien (Wp 37 Level 1):

0 of 0 people found the following review helpful. Great selection for a beginner By MaggyB Melody is usually in the right hand, and simple chords in the left. Purchased for an adult student with special needs who struggles when both hands are moving at the same time, so it's perfect. Would be great for any beginner. 1 of 1 people found the following review helpful. Well designed for use with the piano course of the same name. By Penny Duff Well, I am 64 and finally learning to play the piano. I got this book to give myself more practice pieces. They are set up to be easily used with

the piano course. To some extent, it is good for this. The real problem with the book is that the "popular" pieces are fine if you're 84 instead of 64! This is also true to some extent with the musical selections in the piano course book. Come on, folks! There is a huge abundance of more recent pieces which would be a lot more fun to play!! Update the book!0 of 0 people found the following review helpful. The music does not correlate with the lessons in the Older Beginner Piano LibraryBy Mohammad YusufThis book is marketed as a supplement to the Older Beginner Piano Course 1 and Musicianship for the Older Beginner Level 1. I found that there was no correlation from the music in this book to the other books in the series. Use it have simplified tunes but not for additional exercises to match what you have learnt with the other books in the series. The quality of printing was not as good as the other two books.

Each volume contains attractive supplementary material divided into six categories: old favorites, Christmas carols, hymns, patriotic songs, classics, and waltzes. The variety of styles in a concise format will yield hours of enjoyment at the keyboard. Each book contains specific page correlations to The Older Beginner Piano Course.
