Amaze Yourself by Playing Easy Versions of Classical Themes You'll RecognizeBy chicagocandyAs a piano teacher who has taught from and reviewed many different books, I swear by the Bastien Series. Students love this book because they build confidence by playing

pieces that sound much more difficult than they are!

This collection contains famous literature from the opera, orchestral, and piano worlds, expertly arranged for beginning students. Many early level selections have duet parts for teachers. Correlated with the Bastien Piano Library, they can be used with any beginning piano method. A delight for students and parents. Enjoy and learn!
