I leave mine laying around the house so when I get company, it's there for them to pick up and read. I'm proud to be from Wyoming so knew a few facts but it's been a well appreciated

history book as well. Would recommend for reading and gift giving.0 of 0 people found the following review helpful.
Great ChoiceBy Ernest KingThis was given as a Christmas gift and it seemed to be appreciated by the recipient so I would have to say it was a great choice.0 of 0 people found the following review helpful. Great book about WY!By Lucinda RossVery fun book. My son is living in Cheyenne for a year and there are many fun facts about the state that everyone should know.

Where can you find ringing rocks, vanishing rivers, and the world's only hand-dug oil well? Where can you find ghorouds and ergs, cement trucks mixing pancake batter? In wide, wonderful Wyoming, of course -- home of Broken Nose McCall and Big Nose Parrot, Bad Hand MacKenzie and Captain Kangaroo. You'll be amazed and amused!
