**David Cassady : Xenosaga Episode 2: Strategy Guide, Limited Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Xenosaga Episode 2: Strategy Guide, Limited Edition:

0 of 0 people found the following review helpful. GreatBy VictorGreat0 of 0 people found the following review helpful. Three StarsBy Kristin MilitanaThe outside didn't seem as attached as I'd like.6 of 8 people found the following review helpful. Great Content... Poor actual production qualityBy Andrew SmithLong time ian, first time reviewer.I normally don't have a whole lot to say and that's why I don't send in reviews. But I just had to after buying this several months back.I was very excited that (1) the game was coming out and (2) there was going to be a special limited edition version of the guide with a Music CD and Posters and the like. I had preordered this and everything, I finally get it and start playing the game and right about 15 minutes into it the binding gives and pages are falling out all over the place. At first it was only the first few pages of the start of the game portion of the guide but after a few minutes they were just leaping off the cheap glue binding. By the time I beat the game it was the whole book of many

pages just being held together by the slightly nifty fold-over flap that is part of the cover. I'll admit, it was actually convenient at times having the ability to place pages from different areas of the book together but it was still a pain keeping them in order. So if you're looking for a quality book like I'd prefer you'll want to stay away from this but otherwise if you'd like to buy something that's just gonna fall apart in to pieces, this might just be what you're looking for.

BradyGames' Xenosaga Episode II: Jenseits von Gut und Bse Limited Edition Strategy Guide includes the following:  
**LIMITED EDITION STRATEGY GUIDE INCLUDES:** Exclusive Soundtrack: Contains 11 tracks from the game  
must-have for every hardcore gamer!
