Rick Barba, Michael Owen : Yo-Kai Watch Standard Edition Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Yo-Kai Watch Standard Edition Guide:

9 of 9 people found the following review helpful. He knows pretty much everything about Yo-Kai Watch at this point By Echota My son was SO thrilled to receive this book to go along with his Yo-Kai watch game. He loves being

able to look up all the characters and their stats, and walkthroughs and maps of the levels. The pictures are full color. He keeps this near him always, as he plays Yo-Kai Watch daily, and likes to have this book as a reference for the Yo-Kai. He says it's a very valuable addition to the gameplay. This and YouTube videos, of course. He knows pretty much everything about Yo-Kai Watch at this point. I recommend this highly! 2 of 2 people found the following review helpful. Definitely Worth the Price! By P. Romance I bought this guide for 2 reasons: the yokai compendium, and the maps. It gave me exactly what I wanted. So, two thumbs up. The guide is split into 7 sections. 1) Game Basics Goes over the basic mechanics of the game. Since I already started playing before buying this guide, I glossed over it. The game teaches you this so, I'm going to assume most people skip over this section. 2) Walkthrough Exactly what it is. It gives you a list of the main objectives that should be met in the chapter. It gives combat tips when fighting bosses and which yokai should have in your team. Whether it is spoiler-free, it's hard to decide. I don't think it really reveals anything that I don't already know from my own playthrough. But if you are buying a guide, expect some spoilers to an extent. 3) Subquests This is also an important section for me. I was able to get most of the quests/favors on my own, but there were a few obscure ones that I didn't realize I missed. 4) Maps Exactly what it says. It shows the location of chests. Plus, it shows the division of the towns, where yokai are located. This was a huge help when you are trying to find a particular yokai. 5) Into the Game Extra stuff. Information about the coins, special events, hidden bosses, yokai cam and how to maximize your team. 6) Medallium - The compendium is comprehensive. Where to find the yokai, what foods they like and their rarity. The compendium is listed in the exact order as the games. My only thing is that it was hard to find yokai. I knew which yokai I wanted to collect but I had to flip through the whole thing to find the one. There is an index but it does not refer to individual yokai. So, my wrist got a little tired from the constant flipping. 7) Data Watch Lists and Tables of skills, items, equipment and store inventory. This was really helpful when I was searching for particular fish or insect. The paper is not glossy. More matte. But the quality is not bad and I like the texture of it. It doesn't wrinkle like the cheaper guides I used to own. The artwork and the type are sharp and clean. The print might be a little small if you have vision issues. It also comes with a free e-guide. All in all, the guide does what it promises. If you are on the fence about buying the guide, get it. It was definitely worth the price. 4 of 4 people found the following review helpful. A well-written guide! By KmpoColorful detailed book, has a complete story walk-through of the game including all of the side quests. Maps of the town, locations of objectives and of all the Yo-Kai along with a complete Yo-Kai encyclopedia. This book is a must-have for anyone looking to get the most out of the game!
