Yo-Yo - Green). The quality of the yo-yo is key to mastering these yo-yo tricks. When "Santa" gave the yo-yo book to my son, my son totally ignored his tenor sax, in order to focus on his yo-yo. He mastered all the tricks within a week. What a week it was: "Dad, look at what I can do.", "Hey, dad, check this out...", "Dad, turn around, look at me do this trick", "Hey dad, look! My yo-yo sleeps! Wait a minute dad, and keep watching my yo-yo as it sleeps. Dad, did you see that!? Now it wakes up! Isn't that awesome?! Dad, this yo-yo and this yo-yo book are an amazing Christmas present. Thanks dad!" This went on, all... week... long, folks! Ho Ho Ho! How many tricks did I have to see? 45? Including all the failed attempts? Really!? Verdict: 5 stars. My son had a blast with his yo-yo. That's all I care about. ;- ) His interest in the yo-yo has waned, ever since he mastered the tricks. He's back into playing Randolph Boots' Yakety Sax around my ears, all... day... long. This time, "Santa" gave dad a box of 200 earplugs. Dad can finally write a review in peace! Wait a minute. What's that funny smell? "Kids, what ya doing?" "Look dad, we're toasting these 200 mini marshmallows we found in this box, over the fire for you." "Hey kids!? What mini marshmallows?" ;-(5 of 5 people found the following review helpful. Really Good Yo-Yo Tricks - Highly Recommended By C. Hill "Yo-Yo Tricks Tips" is a very nice, pocket sized book showing a good number of Yo-Yo tricks. We bought this book for my daughter (16) and son (12) after they began to master basic Yo-Yo skills using Duncan Yo-Yo and Butterfly Yo - Yo By Duncan. This book had many tricks that vary in skill level from easy to very hard, but contains very clear instructions and well drawn pictures to show how each trick should be done. Highly Recommended! 4 of 4 people found the following review helpful. really neat book! By C. Longoria I like the format of the book, easy to carry around. It's easy to read and understand, it has a lot of tricks that a novice can learn also intermediate and advanced. It's practical to have all these tricks collected in such a cool way. I like it!
