Larry Grossman : You Can Bet On It!: Inside Secrets of Sports Betting from the Men Who Set the Line before purchasing it in order to gage whether or not it would be worth my time, and all praised You Can Bet On It!: Inside Secrets of Sports Betting from the Men Who Set the Line:

0 of 0 people found the following review helpful. easy to read and understandBy william r shawI listened daily while

living in Vegas. Sage, concise advice from novice to expert on many forms of gambling. easy to read and understand. Must have for any one who wants to understand and enjoy gambling

26 of 27 people found the following review helpful. This book is a waste

By TreyIt's called "You Can Bet On It!" It should be called "Here's some dumb stories that probably won't help." This book is chock full of examples lacking both in explanation and instruction - it says what you need to do, but fails completely to explain either how or why. For example, the Handicapping section stresses the importance of handicapping. Well, any moderately intelligent person already knew that, but they don't know how, and that's really why they bought the book! Save the money to lose to a sportsbook.

In this completely revised edition, Larry Grossman brings together the best advice from the top professionals in sports betting, the men who actually set the betting lines. Players will learn how to bet and win at the major sports: football, baseball, basketball and prize fight betting. This easy-to-read and fact-filled book contains a wealth of information about how to read the lines, how the lines are made, the odds faced at the different sports, handicapping, common mistakes, and other essentials, and it features winning advice from the greatest pros in sports betting today.
